HOME-BASED SUMMER PROGRAM FOR STUDENTS WITH COMPLEX NEEDS PLANNING TEMPLATE PROGRAM OVERVIEW

SNA SUPPORT & inspire DESIGNED BY ONEESA MCWEENEY

NAME: _____

DURATION: _____

LOCATION: _____

OBJECTIVE:

To provide individualised education and care to students with complex needs during the summer break, focusing on their unique abilities and their goals.

KEY CONSIDERATIONS:

- **Assessment and Individualised Planning:** Conduct assessments and create individualised education plans (IEPs).
- **Legal and Ethical Considerations:** Ensure compliance with Irish special education laws and respect rights and dignity of the parents & pupils you will work with.
- **Safety and Health:** Address health and safety requirements and have an emergency plan in place.
- **Family Communication:** Maintain open communication with parents and guardians.
- **Curriculum and Materials:** Adapt curriculum and use appropriate teaching materials.
- **Environmental Considerations:** Create an accessible learning environment.
- **Therapeutic Support:** work with therapists and integrate therapeutic activities.
- **Professional Development:** Stay updated with relevant training.
- **Scheduling and Routine:** Develop a structured schedule.
- **Assistive Technology:** Implement technology and ensure proficiency.
- **Data Collection:** Monitor progress and share reports.
- **Behavioural Support:** Develop a strategy for challenging behaviours.
- **Social and Emotional Support:** Provide social and emotional development opportunities.
- **Transition Planning:** Plan for a smooth return to school.
- **Documentation and Reporting:** Maintain clear records and documentation.
- **Feedback and Continuous Improvement:** Collect feedback and make necessary improvements.
- **Community Involvement:** Explore community engagement opportunities.
- **Flexibility and Patience:** Be flexible and patient to adapt to changing needs.

This template provides a quick reference for the key considerations in planning your home-based summer program for students with complex needs. You can use it as a starting point and expand on each section as needed to create a more detailed plan.
